CATALOGUE-2016

SCIENCE AND TECHNOLOGY JOURNALS (NATIONAL JOURNALS)

Civil Engineering

1.	**Journal of Civil, Structural and Architectural Engineering**		
	Focus and Scope: Structural Dynamics, Concrete Structures, Structural Analysis with Matrix Computer Methods, Steel Structures, Theory of Elasticity and Plasticity, Soil Structure Interaction, Finite Element Analysis, Aseismic Design of Structures, Disaster Resistant Structures, Disaster Resistant Structures, Industrial Structures, Maintenance and Rehabilitation of Structures, Architectural Engineering, Architectural Detailing, Architectural Design, Elementary Structures, Architectural Graphics, Mechanical/Electrical Systems in Buildings, Computer-Aided Drafting, Materials Testing, Strength of Materials, Construction Materials and Methods, Contracts and Specifications, Estimating & Pre-Calculus, Physics & Statistics		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

2.	**Journal of Building and Construction Engineering**		
	Focus and Scope: Surveying, Strength of Materials, Building Technology, Structural Analysis & Design, Design of Hydraulic Structures, Architecture and Town Planning, Construction Management, Construction Planning and Control, Modern Construction Materials, Construction Project Management, Structural Systems and Design, Construction Methods and Equipment, Functional Efficiency of Buildings.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

3.	**Journal of Remote Sensing, GIS & Geotechnical Engineering**		
	Focus and Scope: Environmental Studies, Introduction to Geosciences and Remote Sensing, Processing and Interpretation of Geophysical Data Acquisition, Thermodynamics and Heat Engines, Statistical Methods Used in Geo- Sciences.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

Computer/IT

4.	**Journal of Computer Science and Engineering**		
	Focus and Scope: Theory of computation, Foundations of Computer Systems, Computer architecture and organization, Electronics, Computer Networks, Software Engineering, Database systems, Operating systems, Website Design and Java Programming, E-commerce, ERP, Multimedia Applications, Compiler Design, Principles of Programming Languages.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

5.	**Journal of Information technology and Its Applications**		
	Focus and Scope: Computer architecture and organization, Database systems, Electronics, Operating systems, Networking, Foundations of Computer Systems, Java Programming and Website Design, E-Commerce & ERP, Multimedia Applications.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

6.	**Journal of Computer, Internet and Network Security**		
	Focus and Scope: TCP/IP, Internet Protocol Security (IP), Firewalls, Antivirus software, Secure coding , Security Token, Email Security, Malicious Software, Phishing, Security by design, Secure operating systems, Application Vulnerabilities, Access Control Systems, Application security, Authentication, Intrusion system.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

7.	**Journal of Software Engineering & Software Testing**		
	Focus and Scope: Mathematics, Chemistry, Basic Engineering, Computer Literacy, Physics Laboratory, Engineering Graphics, Biology for Engineering, Principles of Environmental Science, Material Science, Digital Computer Fundamentals, Computer Organization and Architecture, Data Structures and Algorithms, Software Engineering Principles, Object Oriented Programming, Microprocessors, Software Design, Computer Skills, Discrete Mathematics, Computer Networks, Industrial management and economics, Software quality management, Web technology		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

8.	**Journal of Computer Programming and Multimedia**		
	Focus and Scope: Drawing and Animation, Computer Graphics, Computer Programming, Multimedia Design, Photography, Video Graphics, 3D Motion Graphics, Web pages, Servers and Browsers, Querying and Managing Data, Games and Visualizations, Natural Simulations, Interactive Web pages, 2D/3D Translation, Rotation, Scaling and Shear, Internet, TCP/ UDP/ IP, Multimedia communications: Mechanisms, Technologies and Protocols, Requirements, specification, design, validation, verification, coding, testing, maintenance, metrics and renovation of software Design, Implementation and evaluation of programming languages, High-Level Programming Languages, Programming environments, development tools, visualization and animation		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

9.	**Journal of Networking, Computer Security and Engineering**		
	Focus and Scope: Wireless communications, UNIX programming, Network operating systems administration, Network administration, Data structures and communications, C++ programming, Anti-virus and anti-spyware, Firewall, to block unauthorized access to your network, Intrusion prevention systems (IPS), to identify fast-spreading threats, such as zero-day or zero-hour attacks, Virtual Private Networks (VPNs), to provide secure remote access.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

10.	**Journal of Data Mining and knowledge Engineering**		
	Focus and Scope: Statistics, Databases, Pattern recognition, Machine learning, Data visualization, Optimization, and High-performance computing, to deliver advanced business intelligence and web discovery solutions.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

Mathematics

11.	**Journal of Engineering Mathematics & Statistics**		
	Focus and Scope: Descriptive statistics, Inferential statistics, Natural experiments, Observational studies, Statistical theorists., Probability distributions, Decision theory, Algebra, Combinatory.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/**

12.	**Journal of Computational Mathematics and Applied Mathematics**		
	Focus and Scope: linear and nonlinear algebra, numerical optimization, numerical approximations, computational geometry, Computational group theory, Computational Number Theory, Computational Topography, computational statistics and probability, Algorithmic information Theory, Algorithmic Game Theory, Monte Carlo methods, numerical methods for ordinary differential equations, integral equations and partial differential equations including both direct and inverse problems, computational-mathematical problems in diverse fields of science and engineering, numerical simulation.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

Electronics/Electrical Engineering

13.	**Journal of Circuits and Systems**		
	Focus and Scope: Analog Integrated Circuits, Analog Signal Processing, Blind Signal Processing, Circuits and Systems for Communication and Information Technologies, Circuits and Systems for Trusted Communications and Computing, Computer and Processor Architecture, Computer-Aided Network Design, Digital Integrated Circuits, Digital Signal Processing, Digital System Design, Distributed Sensor Networks and Systems, Electronic Design Automation, Embedded System and Software, Graph Theory and Computing, Low-Voltage Low-Power Circuits, Memristors, Multimedia Systems and Applications, Nanoelectronics and Gigascale Systems, Neural Systems and Applications, Nonlinear Circuits and Systems, Optoelectronics and Laser Technology, Power Systems and Power Electronic Circuits, Reconfigurable Architectures, System-Level Synthesis, Telemedicine, Visual Signal Processing and Communications, VLSI Systems and Applications,		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

14.	**Journal of VLSI Design Tools and Technology**		
	Focus and Scope: computer-aided design, VLSI design, design analysis, simulating and testing, design implementation, system analysis and design, simulation, EDA tools, rapid prototyping, and testing and verification. We invite papers with insightful theoretical articles as well as those that discuss and explain practical application of scientific principles and techniques.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

15.	**Journal of Current Trends in Electrical Engineering**		
	Focus and Scope: Electricity Technology and Machines, Circuit Analysis, Electronics, Electromagnetism, Electrical Engineering Material, Instrumentation, Control systems, Power Engineering, Transmission & Distribution		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

16.	**Journal of Instrumentation and Control Engineering**		
	Focus and Scope: Micro Controllers, Control Systems, PC Interfacing and Telemetry, Instrumentation System Design, Sensors and Transducers, Industrial Instrumentation, Robotics		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

17.	**Journal of Embedded Systems & Its Applications**		
	Focus and Scope: Embedded system architecture, Embedded software, Embedded hardware, Application-specific processors/devices, Real-time systems, Hardware/software co-design, Testing techniques, Industrial practices, benchmark suites, Education, Emerging technologies/applications/principle, Micro-controller Based Embedded Systems Design, Embedded Operating Systems, Embedded Instrumentation & Control, Embedded Automotive Systems, Embedded Access Technologies, Embedded Design Cycle, Advance Embedded Signal and Image Processing, FPGA Based Embedded System Design, Embedded Programming Languages		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

18.	**Journal of Image and Signal Processing**		
	Focus and Scope: Coding and Transmission, Image Acquisition and Display, Digital Signal Processing in Communications, Image Formation, Applied Digital Signal Processing, Emerging Technologies for Digital Signal Processing, Applications of Image and Signal Processing, Storage and Retrieval of Digital Images, Image and Video Processing and Analysis, Scan, Display and Print of Digital Images		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

19.	**Journal of Power Electronics and Drives**		
	Focus and Scope: Electrical Machines, Network Analysis and Synthesis, Power Generation, Transmission and Distribution, Power Electronics, Switch Gear and Protection, Energy Management and Power Technology		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

20.	**Journal of Electronic Control Systems and Control Instrumentation Engineering**		
	Focus and Scope: Control and Computation Laboratory, Optimal Control Systems, Matrix Computations, Nonlinear Dynamical Systems, Applied Linear Algebra, Multivariable Control Systems, Types of Instrument Control Systems, Modular Instrument System, Microcontrollers, Hybrid Systems, Pulse-width Modulation, Stand-Alone Instrument Systems, PID control Programmable Logic Controllers		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

21.	**Journal of Electrical Power System Engineering and Technology**		
	Focus and Scope: power generation, electrical power transmission & distribution, control & power system protection, electrical switchgear, power transformers, control & protection relays, transmission & distribution substations, switch yard equipment, Engineering Thermodynamics, Electrical Engineering, Fluid Mechanics, Circuit Theory, Electronics, Electrical Machines, Power electronics, Electrical measurement and instrumentation, Electrical machines, Steam Generator, Power Transfer systems, Electrical Machine and Power Control		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

22.	**Journal of Renewable energy and Resources**		
	Focus and Scope: Photovoltaic Technology, Solar Thermal Applications, Biomass, Wind Energy Technology, Materials Science, Solar and Low Energy Architecture, Energy Conservation in Buildings, Geothermal, Wave and Tide, Ocean Thermal Energies, Mini Hydro Power, Hydrogen Production Technology, Energy policy, Socio-economic on Energy, Energy Efficiency and Management. Climatology and Meteorology		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

23.	**Journal of Bio-Medical & Instrumentation Engineering**		
	Focus and Scope: Human Anatomy and Physiology, Biomedical Transducers, Bio Engineering Materials and Devices, Principles of Biomedical Imaging and Radiology, Biological Control Systems and Modeling, Biological digital signal processing, Bio Electric Signals and Instrumentation, Advanced Biomedical Imaging Technician, Prosthetics and Orthotics		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

24.	**Journal of Nano Technology and Its Application in Engineering and medicine**		
	Focus and Scope: Nanoscale Fabrication and Characterization, Polymer Nanotechnology, Physical and Biological Application of Nanotechnology, Organic Electronics, Nanocomposites, Carbon Nanomaterials, Nanostructured Materials.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

25.	**Journal of Aerospace Engineering & Sciences**		
	Focus and Scope: Intro Engineering, Aerodynamics, Chemistry- A Quantitative Science, Aerospace Structure Computing, Environment Physics, Engineering Aerospace, Vehicle Design, Engineer Dynamics, Physics for Engineers and Scientists, Statics Propulsion Calculus, Flight Vehicle control, Solid Mechanics Calculus, Health & Fitness Space Flight		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

Communication/Telecommunication Engineering:

26.	**Journal of Wireless Communication, Networks and Mobile Engineering Technology**		
	Focus and Scope: RF, antennas, and propagation, wireless access technologies, network and service architectures, network management and security, policies and regulations, facilities infrastructure, spread spectrum, satellite communications, cordless systems, fixed wireless access or wireless local loop, Wireless Cellular and Wireless LANs, Mobile IP Wireless Application Protocol (WAP), Blue-tooth, Wireless Internet and Web access		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

27.	**Journal of Advances in Communication Engineering and Its Innovations**		
	Focus and Scope: The theory, simulation and practice of adhoc and mesh networks, Communication theory, Communications QoS, Reliability and performance modeling, Communications software and services, Computer communications and information systems security, Next generation networks, Protocols and services, Optical networks, Signal processing for communications, Wireless and mobile communications, Wireless and sensor networks and Microwave and radio communications.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

28.	**Journal of Electronics and Tele-communications Engineering**		
	Focus and Scope: Basic electrical & electronics engineering, principle of communication engineering, digital and analog logic circuits, Engineering Mechanics, Uniprocessor and multiprocessor environment, wave guides and transmission lines, parallel processing and pipelining, electronics for audio/video broadcasting, electrical networks, computer programming, engineering drawing, engineering mechanics, digital logic design, microprocessors & microcontrollers, principles of control systems, fundamentals of microwave engineering, optical fiber communication, discrete time signal processing, electromagnetic wave theory, computer programming, advance microwave engineering, telecom regulation, industrial regulation, electronic instrumentation, and more.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

29.	**Journal of Electronics and Optical Communication Engineering**		
	Focus and Scope: Electronics Engineering, Broadband Communication, Digital Communication & Information Systems, Fiber Optics, Guided Wave Optical Components & Devices, Optoelectronic Instrumentation, Optical Communication System, Optical Electronics, Optics & LASERs, Photonic Switching & Networking, Semiconductor Optoelectronics, Access Networks , Coding Theory , Computer Programming & Its Application, Laser Based Instrumentation, Optical Components & Basic Instrumentation, RF & Microwave Devices, Wireless Communication		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

Chemical Engineering:

30.	**Journal of Chemical Engineering and its Applications**		
	Focus and Scope: Chemical Process Principles, Inorganic and Physical Chemistry, Organic Chemistry, Fluid and Particle, Mechanics, Chemical Engineering, Thermodynamics, Process Dynamics and Control, Economics, Management of Chemical Industries, Bio-chemical Engineering		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

31.	**Journal of Petroleum and Petrochemical Engineering**		
	Focus and Scope: Petroleum Operations, Thermodynamics & Heat Engines, Drilling Engineering & Well Completion, Offshore Drilling & Production Operations, Petroleum Engineering Economics		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

Mechanical Engineering/Materials Science:

32.	**Journal of Automotive Engineering & Technology**		
	Focus and Scope: Transmission Principles, Engine Electrical systems, Circuits and Electronics, Engine Principles, Power train, Systems, Automotive Design and Manufacturing, Steering and Suspension, Fuel and Emission Control Systems, Fluid Mechanics, Heat Transfer		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

33.	**Journal of Mechanical Engineering and Applied Mechanics**		
	Focus and Scope: Fluid mechanics, Heat transfer, Solid mechanics, Refrigeration and air conditioning, Renewable energy, technology, Materials engineering, Composite materials, Marine engineering, Petroleum and mineral resources engineering, Textile engineering, Leather technology, Industrial engineering, Operational research, Manufacturing processes, Machine design, Quality control, Mechanical maintenance, Tribology, etc.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

34.	**Journal of Product Design, Quality Engineering & Technology**		
	Focus and Scope: manufacturing processes (metal forming, metal casting, machining processes, welding and joining, powder metallurgy, arid rapid tooling, polymer processing, composite processing, hybrid processes, and the like), development and composition of production equipment and machine tools (geometrical precision, dynamic behaviour), product inspection (procedures, devices and methodologies), dimensional metrology, numerical modelling, development and composition of production equipment and machine tools (geometrical precision, dynamic behaviour), micro or nano manufacturing (devices, integration and modelling), product inspection and dimensional metrology (procedures, devices and methodologies), computer aided systems for manufacturing systems and simulation, programming and scheduling (CAM/CAPP/CAD/CAE), quality assurance and continuous improvement (lean manufacturing, complete quality management, agile manufacturing, etc.) ,product design (assembly and manufacture), intelligent manufacturing systems (flexible systems, integrated manufacturing, etc.), contact mechanics (friction, tribology and tool wear), robotics and applied automation (fuzzy logic and neural networks for manufacturing systems, improvement of sensors, controllers, actuators, etc.), productive maintenance (machine failure prevention, production chain maintenance), virtual reality (for machine tool performance, production lines, etc.)		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

35.	**Journal of Artificial Intelligence, Machine Learning and Soft Computing**		
	Focus and Scope: Neural Network, Embedded System, Adaptive Technique, Genetic Algorithm, Artificial Potential, Swarm Intelligence, Smart Condition Monitoring, Cerebellar Model Articulation, Heuristic Method, Evolutionary Computing, Petri Net Modeling, Voronoi Diagram, Machine Vision, Robotics, Intelligent Bio Technology, Tabu Search, Smart Nano Structures, Evolutionary Computing, Rule Based Technique, Artificial Immune Systems, Cognitive Methods, Agent Based System, Fault Diagnosis, Computer Vision and Machine Learning, Multimedia Application of AI, Soft Computing and Bioinformatics, Application of Soft Computing		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

36.	**Journal of Material Science & Manufacturing Technology**		
	Focus and Scope: Engineering Mechanics, Physics of Materials, Thermodynamics and Kinetics of Materials, Nature and Properties of Materials, Industrial Economics, Phase Equilibria in Materials, Iron and Steel Making, Principles of Metal, Extraction and Refining, Principles of Powder Processing, Corrosion and Degradation of Materials.		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

37.	**Journal of Materials and Metallurgical Engineering**		
	Focus and Scope: Nature and Properties of Materials, Deformation Behaviour of Materials, Heat Treatment & Phase Transformation of Materials, Materials Characterization, Iron and Steel Making, Engineering Mechanics, Principles of Extractive Metallurgy, Physics of Materials, Kinetics and Thermodynamics of Materials, Industrial Economics, Probability and Statistics, Phase Equilibria in Materials, Principles of Metal Extraction and Refining, Basics of Powder Processing, Degradation and Corrosion of Materials, Engineering Mechanics, Electrical Engineering, Fuels, Refractories and Furnaces, Corrosion and Surface Engineering, Electronics Engineering, Material Science, Mineral Beneficiation, Engineering Graphics, Non Ferrous Extraction Metallurgy, Elements of Physical Metallurgy, Metallurgical Thermodynamics, Transport Phenomena, Mechanical Metallurgy and Phase Transformation, Machine Elements and Machining, Testing of Materials and Mechanical Behaviour, Iron Production		
	Frequency (Print + Online): Tri-annual (3 Times)	**Online: Free**	**Price: 2500/-**

Agriculture

38.	**Journal of Agricultural and Water Works Engineering**		
	Focus and Scope: Principles of Crop Production, Soil Science and Engineering, Hydrology and Water Resources Engineering, Environmental Science and Engineering, Fluid Mechanics, Irrigation Engineering, Groundwater and Well Engineering, Agricultural Economics and Farm Management, Watershed Development, Seed Technology Application, Post Harvesting Technology among others.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2300/-**

Science & Technology Journals: International Journals

1.	**International Journal of Robotics and Autonomous Systems**		
	Focus and Scope: Symbol mediated robot behavior control, Sensory mediated robot behavior control, Active sensory processing and control, Industrial applications of autonomous systems, Sensor modeling and data interpretation e.g. models and software for sensor data integration, 3D scene analysis, Environment description and modeling, Pattern recognition, Robust techniques in AI and sensing e.g. uncertainty modeling, Graceful degradation of systems, Robot programming e.g. on-line and off-line programming, Discrete event dynamical systems, Fuzzy logic, CAD-based robotics e.g. CAD-based vision, Reverse engineering, Robot simulation and visualization tools, Tele-autonomous systems, Micro electromechanical robots, Robot control architectures, Robot planning, Adaptation and learning.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

2.	**International Journal of Mechatronics and Manufacturing Technology**		
	Focus and Scope: Additive manufacturing equipment and control, Advanced/intelligent/smart machining systems, Autonomous/adaptive control systems, sensors, actuators, Biomanufacturing systems, Computer-aided/integrated manufacturing methods, Computer-aided inspection/quality control systems, Computational methods and optimization in manufacturing, Expert manufacturing systems based on artificial intelligence methods, Hybrid manufacturing processes/systems, Metal forming manufacturing equipment and control, Machine tool design and control, Mechatronics systems in manufacturing, Miniaturized manufacturing devices, equipment, systems, Non-traditional machining systems, Laser-based manufacturing systems, Sensor fusion, network technologies for manufacturing		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

3.	**International Journal of VLSI Design, Microelectronics and Embedded System**		
	Focus and Scope: Basics of VLSI, Semiconductor Device Theory and Modeling, VLSI Technology, Analog Integrated Circuit Design, Micro Electronics, System Design Using HDL, MOS Device Modeling, VLSI System Design, Micro Electronics Lab II, VLSI Design Lab, Compound Semiconductors: Properties & Applications, Micro Electro Mechanical Systems, Foundations Of VLSI CAD, Testing and Verification of VLSI Circuits, Semiconductor Power Devices, Nanoelectronics, Low Power VLSI, Mixed Signal Circuit Design, Circuit Design, CMOS RF Circuit Design, SOC Design & Test, Mixed Signal Design, Computer Architecture, Memory Design, VLSI Design & Test Flow, RF Circuit Design, RF Transceiver Design,		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

4.	**International Journal of Nuclear Engineering, Design and Radiation Technology**		
	Focus and Scope: Elements of Nuclear Science and Engineering, Mechanics of Materials, Environmental Science, Neutron Physics, Thermodynamics, Probability and Random processes, Applied Radio Chemistry, Engineering Mechanics and Fluid Mechanics, Design in Nuclear Engineering, Nuclear Safety, Radioactive Isotopes, Nuclear Industrial and Medical Applications		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

5.	**International Journal of Nano Science Trends and Technology**		
	Focus and Scope: Processing, Nanoprobes, Materials synthesis, Nanofabrication, Nano-mechanics, Theory and computation, Spectroscopy, Nanostructures, Nanoelectronics, Nanomedicine, Nano-optics, Nanodevices, Nanobiotechnology, anotoxicology, Biological systems		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

6.	**International Journal of Electrical, Electronics and Communication Engineering**		
	Focus and Scope: Communications and Networking, Signal Processing, Microwave Engineering, Nanoelectronics and VLSI and Photonics, power, electronics, control, microelectronics, signal processing, source and channel coding, switching theory and techniques, telecommunications, radar, sonar, antennas, wave propagation, electromagnetic fields, instrumentation and computers, electronic circuits, signals and systems, power electronics, applied electromagnetic theory, integrated circuits, VLSI, control systems and computer architecture.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

7.	**International Journal of Radio, Space and Aerospace Engineering**		
	Focus and Scope: science & engineering of aircrafts and spacecrafts including aero planes, helicopters, rockets, missiles, space stations, space-shuttles and many more within and outside the earth's atmosphere. Development of new technology in aviation, space exploration & defense system, Space and Satellite Optical Communication, Electrodynamics, Space Environment, Radio and Space Physics, Radar Signaling, Remote Sensing, Solar System, Atmosphere Sciences, Geo informatics and Geo Physics.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

8.	**International Journal of Software and Computer Science Engineering**		
	Focus and Scope: Computer architecture and organization, Theory of computation, Database systems, Electronics, Operating systems, Computer Networks, Foundations of Computer Systems, Java Programming and Website Design, E-commerce & ERP and Multimedia Applications, Principles of Programming Languages, Software Engineering, Compiler Design, Digital Computer Fundamentals, Computer Organization and Architecture, Data Structures and Algorithms, Software Engineering Principles, Object Oriented Programming, Microprocessors, Software Design, Computer Skills, Discrete Mathematics, Computer Networks, Industrial management and economics, Software quality management, Web technology		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

9.	**International Journal of Advance Civil Engineering and Technology**		
	Focus and Scope: The journal deals with a wide range of engineering tasks including designing, supervision and construction activities of public works like roads, bridges, tunnels, buildings, airports, dams, water works, sewage systems, ports etc. The journal also deals with several sub-disciplines including environmental engineering, geotechnical engineering, structural engineering, transportation engineering, water resources engineering, materials engineering, coastal engineering, surveying, and construction engineering.		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

10.	**International Journal of Computational Intelligence, Biotechnology and Biochemical Engineering**		
	Focus and Scope: Genomics, Applied immunology, Development of pharmaceutical therapies and diagnostic tests to name a few, Inorganic and organic chemistry, Biochemistry, Molecular Biology and Genetics, Microbiology, Bioprocess calculations, Chemical Engineering Thermodynamics, Chemical Engineering		
	Frequency (Print + Online): Bi-annual (2 Times)	**Online: Free**	**Price: 2500/-**

Features:

- Subscription Period: January to December.
- Annual Subscription for Print, Online or Print + Online.
- Frequency – Bi-annual/Tri-annual (as per Journals).
- Free Online Access to the subscribed Journals through Username and Password/ Static IP address.

Payment Policy:

- Mode of Payment: Demand Draft/Cheque/RTGS.
- Payment to be made in favor of **MANTECH PUBLICATIONS PVT. LTD. (OPC),** payable at Noida.

Our Payment Details (for RTGS/NEFT and NET banking)

Account Name: MANTECH PUBLICATIONS PVT. LTD. (OPC), **Bank Name:** INDUSIND BANK LTD.

Account Number: 201000061361**, IFS Code:** INDB0000162

Branch Address: INDUSIND BANK LTD, H-1, A-1, Zygon Square, Sector-63, Noida-201307, U.P.

Payment Details (Via Cheque/ DD)

Cheque / D.D. to be made in favor of **"MANTECH PUBLICATIONS PVT. LTD. (OPC)"** payable at Noida. Dispatch the same at the following address:-

MANTECH PUBLICATIONS PVT. LTD. (OPC), 203, 2nd Floor, Plot No. - 45, Gyankhand-2, Indirapuram,

Ghaziabad- 201012, U.P., Contact No.- +91-7838047803, 8506003803
